The data presented in this report were compiled and tabulated by the Technical Assistance Section of the Bureau of Kidney Health Care and the statistical data were provided by the Automation Section, also of the Bureau of Kidney Health Care. The State population figures were provided by the Texas A&M University State Data Center, accessed through EPIGRAM Data Analysis Software. The printing and binding of this report were provided by HHS Printing Services, a cooperative entity of the Texas Department of Health and the Texas Department of Human Services. Design services were provided by the Texas Department of Health Art Department.

#### **Availability of Additional Data**

This publication includes data most frequently requested by individuals interested in ESRD information. More detailed demographics and data other than that, which is included in this report, are available but may require cost reimbursement for staff and computer time. This data is available @ <http://www.tdh.state.tx.us/kidney/khcmmain.htm>. All requests for additional data or reports should be sent to:
